FLASH QUOTES

Diving, 10m Synchro Men

Dmitry Dobroskok (RUS), Gold – 469.38: “Since my brother won the silver medal in 3m springboard yesterday, I was obliged to also gain a medal, and it’s even gold!”

Heiko Meyer (GER), Silver – 447.96: “We like diving together although it is difficult because we live about 650 kilometres apart. Sascha Klein is my third partner after Jan Hempel and Tony Adam with whom I achieved an international medal. Tony Adam has to fully recover before we’ll decide anything. However, we will then have three top platform divers again.”

Michele Benedetti (ITA), Bronze – 435.12: “We qualified for the final only in fifth position, but we grabbed the bronze medal with our last four dives. It is our first medal since we are diving together and an additional motivation for the future.”

FLASH QUOTES

Diving, 3m Women

Anna Lindberg (SWE), Gold – 330.60: “I am very happy and don’t know what to say. Now I also have a title in the 3m springboard – just like my mother.”

Ditte Kotzian (GER), Silver – 324.90: “This morning I felt like lacking strength. The long competition travels starting for us with the World Cup in China is now being felt. But with the assistance of all team members I got into the right competition mood just on time. I hope it will continue this way tomorrow in the final 3m synchro event with Heike Fischer.”

Nora Barta (HUN), Bronze – 319.85: “I never expected this bronze medal because I had never won a medal at a major event. It was fantastic to dive in front of this great crowd here in my home-town. They cheered me on and motivated me.”
